Respect Wildness... Practice the 7 principles of Leave No Trace skills and ethics

- Plan ahead and prepare: Plan your trip carefully. Prepare for extreme weather, hazards and emergencies. Plan for the least experienced member of your party.
- Travel and camp on durable surfaces: Hike single file in the middle of the trail or side by side in areas without trails. Camp in hardened areas only, not in meadows or on vegetation.
- **Dispose of waste properly:** Pick up all spilled foods and trash. Disperse washing and cooking wastewater 70 adult steps (200') from camps and all water sources. Leave no evidence of your stay.
- Leave what you find: Leave plants, rocks, antlers and artifacts as you find them for others to enjoy.
- Minimize campfire impacts: Cook with a camp stove. Simply enjoy a candle lantern or the night sky.
- **Respect Wildlife:** Hang food and scented items 10 feet up and 4 feet out from trunk of tree. Minimize noise. Avoid lakes and streams at dawn and dusk.
- Be considerate of other visitors: Respect the quality of every visitor's experience.
